Minute 10: Graveyard Project Closing Date

- Enock suggested that the closing date for the graveyard project would be *30th June 2014*.

Minute 11: Annual Family Meeting Schedule

- Taata Saul suggested meeting annually on *the first Saturday of the first week of December*. It was

unanimously agreed that the date is not subject to debate.

Minute 12: Commendation and Reflections

- Kayongo was commended for mobilising his siblings to regularly visit and clean the graveyard.
- Taata Hannington emphasised the importance of cleaning the resting places of the deceased.
- He highlighted that even though the deceased may not be visible, they are happy when their resting places are cared for.
- He shared a perspective from **Isaiah 31:1** to emphasise the significance of not forgetting our roots, regularly visiting our ancestral home, and taking care of it to receive blessings.

Minute 13: History of Land Wrangles

- Taata Sseeka explained the history of land ownership at Kikungwe Ancestral Home.
- ***The Late Ven. Reverend Enock Kyaluzi Ssebuliba*** initially had 10 acres but the church and school took 7 acres, leaving 3 acres for the ancestral home.
- Despite being on 3 acres, the land is subject to wrangles from a woman claiming ownership and demanding 8 million UGX to sell.

- He therefore suggested that a family member buy the land at 8 million UGX to prevent a stranger buying it and encroaching on the graveyard.

Minute 14: Current Status and Future Actions

- Taata Nsereko noted the land issue is on hold due to opposition from the Church Bishop.
- Plans to resume addressing the land issue are after the Bishop's retirement in a year.
- *Proposed resolution process:* advertise in the newspaper and if no objections arise in a fortnight, write to the *Administrator General* to register the land title under the ***Estate of the Ssebuliba Family***.

Next Steps:

- The family will meet in a six month's time to check on the renovation of the graveyard.
- Actions and decisions will be implemented including contributions, project work and addressing land wrangles.

Minute 7: Adjournment:

The meeting was adjourned at 4:30PM

Next Meeting: Next meeting will be held on **30th June 2024**.
